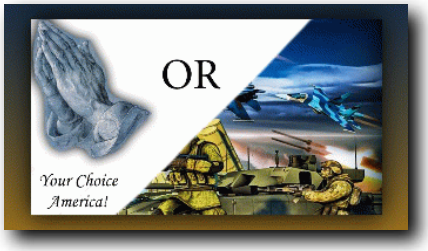
WARNING Pray NOW against Military attack

December 7, 2020



Well Dear Family, I have been very busy getting my facts and my bearings straight and I got to the end of my human curiosity, following the alternative news like Epoch Times, Intercessors of America, Sidney Powell and Robert David Steele who has kind of a rough vocabulary so be careful there, but he has wonderful information and interviews that are very revealing. Please pray for these warriors, they broadcast the REAL news and are becoming a replacement for the lying mainstream media. So, whenever I bury my head in the world, well I pick up contamination and it takes a while to get back to the sweet, gentle voice of my Lord. So, I came into prayer rather sheepishly for spending days' worth of time in the world. Jesus was so quick to welcome me back, He began, *"I love you."* He said it with such a gentle joy in His eyes. *"My Darling, My Beloved, don't you trust Me?"* He said this in response to me complaining that I might be taken out just when things are getting wonderful in this nation. *"Yes, you do have your take on things, don't you?"*, He replied.

Well Lord, You know what troubles me. "*I do indeed and guess what, I've made provision for you. Do you trust Me Clare? You know that is what all questions boil down to, trust, simple childlike trust, but with expectation of good things, I might add."* Then He said it again, *"Do you trust Me?"*

Lord, you know, I DO!"

"Then put down your stressors and take it day by day. I will let you know what you need to know when you need to know it. How's that for a twisty

turny answer?" He smiled. Really good Jesus, and we both had a little giggle.

Well here I am, the next day because I didn't get to finish that message. Filled up on more news, but wanting Your news more than anything. Mother Elisabeth came to me and said that you told her Obama is about to make a very big move, a worldwide move.-- --

Now You are bigger than Obama and his Devil. Yet I do wonder. I see it now, the election fraud is a huge tangled mess to get our eyes off of him, he is the Antichrist by the way, and what he's been up to.

Jesus answered me, *"Exactly, and it was successful, but until the restrainer is removed Clare, he will not get what he wants. Certainly not all of what he wants. Right now, he is setting up and coordinating. But the countries in question still have Me as their protector. It is indeed a deep cesspool of deceit."*

Just then I started to get foggy headed which usually happens when He begins a message. I cried out, Lord help me, I am listening, but I don't want to go down like I usually do, holy angels please protect me from outside forces shutting down my mind causing foggy brain. Please help me. Saint Michael please come to my defense. I waited a few moments and my mind cleared. And I said, "Thank you, I feel better!" Please also protect my faith and confidence in hearing the Lord and get rid of interfering demons. Jesus, I love You. I do long to be with You, but I also long to do so much more and be more centered.

"I am helping you My dear little one. I am here, by your side, speaking with you and helping. Let go of your fears, Clare and listen. I am not coming to remove you just yet. Okay?"

Wow, well that kind of helps. And I had a thought that went through my head. When I make plans and want to do something, I do it in such a way that everything runs so smoothly, you know you sit down with pen and paper and you make your to-do list. It looks so neat and tidy. Of course, you

don't write into it any interference or interruptions. How many of you have made a to-do list only to be thoroughly frustrated at the end of the day? Why is that? Because our minds think in clean and direct ways, but our lives seem to ricochet off of one interruption or distraction or another that walks into the room just when we think everything will be so neat and orderly.

We don't plan for a visitor or phone call that might need our attention. We don't plan for maybe getting sick in the middle of the day. And we don't plan for millions of distractions the devils seen to devise to take us away from the task at hand. We plan as if we were in a safe little vacuumed sealed house, feeling great, having all we need and staying focused. So, when I ask for more time, more grace, more mercy, I'm thinking that surely, I've got this, little more time and I'll have it. It's a piece of cake, if only we had a little more time. But now looking back on my record for the past five years, I feel like I'm stuck in a constantly revolving door going nowhere and I never seem to truly finish unless I make a supreme effort to stay focused, and the angels keep the enemy away from my door. That is one reason why I use to write and play music in the wee, small hours of the morning.-- -- Never any interruptions. Anyway, that was a very long thought, Lord sorry.

Jesus continued, *"What you say is true Beloved, and that is why we cannot delay things indefinitely while you and others get their things done. But I'm not coming just yet. Are we clear on that?"*

I don't think so Jesus, your 'just yet' could be the time it takes to go to the grocery store and back or to the moon and back or to Pluto and back.

He said, *"And that's why you cannot afford to grow weary in well doing. That is why you must continue to persevere until the very last moment and it is coming. Just not as soon as you and others would like it to come."*

Oh boy, Jesus, you just gave us a rapture alert and you said this was not a practice this time. Jesus, My Beloved God, are you being evasive with me? I am just going to write what I hear and nothing else. It's just all too confusing. You see usually when the Lord speaks with me He gives me a

thought and helps me put it into my own words, and then there are other times when He dictates it directly. And this is such a treacherous thing because there is so much desire wrapped up in not wanting to be raptured or wanting to be raptured, that it gets in the way of my discernment. So, I am just going to listen to the words that He speaks and just write them down as I hear it.

He began, *"There are factors that enter into the equation. There are human events, human feelings, human intellects and humanity in general that must be considered. What is important for you to know is that it is coming very soon, but this is SO HUGE that it should not be called because there are too many factors coming into play.-- --*

So, what do I do? I ask you and show you how to be prepared, how to be ready so you will not be left behind. You already know this, so it is not a fear issue with you as much as it is with others. Beyond this Clare, you must trust that I know what I am doing and in what sequence I will do these things. There are many variables in the equation, so it is still too soon to call.

I can tell you this, you must all pray to thwart the massive move they are preparing against you.-- -- You must pray for My will to be done and the will of Satan to be thwarted. But you already know he cannot be successful until you and all the other Christians in whom My Spirit dwells, are removed from the Earth. It is up to My Father to make that call. I am just telling you that we are getting very close to the moment of truth."

And I took a break somehow at that point when I came back, I had gotten some information, one of the people here mentioned that they had heard something about another Pearl Harbor on America, and I was feeling very much out of the loop so I came to the Lord and said, "Please speak to me." All these reports on another Pearl Harbor, what is this about? And then I received the Lord and sat with Him quietly with the Blessed Sacrament exposed.

After communion I saw Him and He lifted my chin face to face, and He said, *"I have never stopped speaking to you."* Please Lord increase my faith so I trust what I hear. *"Ah, now you are getting to the heart of the matter. Did I not give you a card to the affect that these fears of yours about deception are unfounded?"* You did. And these are my little rhema cards that are in file boxes, I think we have about 1,500 by now. He answered me, *"Let's start there. Why do you suppose I asked your husband to pray for your faith?"* Because it is weak? He had just gotten a card from the card file "Pray for Clare's faith." And He answered me, *"The enemy has been attacking you there. Bed rock your faith in Me to communicate with you. There is so much I would tell you if only you would trust what you hear. Did I not give you another card today, "I am with you."?"* You did Lord. *"Then lean on Me Beloved wife, lean on the one who loves you and will support you. I am the one who is always at your side, whether you feel it or not. I am the one who is constantly praying for you, whether you hear it or not. I am the one who loves you to distraction and I will never desert you, even when you pop up in the middle of our conversations and disappear. By the way, I would really like to you make others wait instead of making Me wait. You know?"*

Forgive me Lord, I am so flighty and absent minded. *"I will forgive you, but will you try to be more attentive My Love?"* I surely will. I am ever so grateful for you revealing your presence to me right now. Oh, I am ever so grateful and touched by Your kindness Lord, speaking to me. Please forgive me for taking this wonderful gift for granted. This has been so, so wrong.----

"True, but you know what affects Me more? I miss you and I am hurt when you leave Me for some foolish earthly thing. Do you know how special you are to Me; how special this gift is?"

I think I lose track of it sometimes. *"Indeed, you do, and that hurts Me. It also cripples your communication with Me, especially in hearing Me. Do you see little one, this is not a light matter? A moment ago, you said to yourself, perhaps I have done something to hurt the Lord and that's why I*

am having trouble seeing Him. Well that was true and from the Holy Spirit, you have hurt Me. But I tell you now, I forgive you. Just be much more careful about allowing anything or anyone to interrupt our time together. Okay?"

Yes Lord, I take this to heart. Thank you so much for helping me see how I have offended You and the precious graces you give me. Then I started to get fog brain, so I prayed against it. It happens every time He begins to speak to me. I asked the Blessed Mother to protect us being together, to spread her mantle over us. And now it is gone, really gone.

Jesus continued, *"I told you this is the work of the enemy. Now I see you've been hit in the head with one last weapon and I say to you, you are not deceived, I am speaking to you."*-- --

And He said that to me because as I was binding the demons of distraction and fog brain, I saw an angel dragging a demon off and the demon threw something at me and hit me in the head.

The Lord said, *"This is how the demons silence the voices* (meaning other people who receive prophetic messages), *they silence the voices in just this way. If they cannot stop them dead in their tracks, they make them feel afraid of misleading people. But you have not misled anyone."*-- --

Lord, please tell me what's going on? What is this about another Pearl Harbor that one of our people heard from another channel?-- -- --

Jesus answered me, *"It's an exaggeration. There cannot be another Pearl Harbor because your ships are scattered all over the world, not concentrated in one port. But there will be an assault on your country. How serious it is depends on how firmly you pray and persevere in prayer. You have the ability to stop this by prayer.-- In other words, this does not have to happen. Yes, I said that, and yes, that is true. This does not have to happen.*

But it will require more prayer. Pray directly against what the evil one has planned. Pray for snafus, pray for failures, pray for miscommunication,

pray for mechanical failures, pray for misunderstandings, pray for navigational errors, pray for unfavorable weather conditions and pray for volcanic eruptions to stop them dead in their tracks. There is SO MUCH you can pray for that will sabotage their plans.

While you have been caught up in all the fraud, they are preparing an assault. It could fail, it is in your hands. I want it to fail. This attack is not My judgment on the nation. It is the enemy yet again trying to bring down America. You Clare, with your prayer warriors, have the ability to stop this from happening.

THIS IS NOT MY WILL FOR YOU AMERICA. I have given you a second chance. You have woken up like a sleeping giant and are fighting for your country, which will live by My rules. But the enemy is Hell Bent on ruining you. Rise up and pray prayer warriors, this attack will fail if you pray passionately against it. It does not have to be. It is not My will. Arise and fend this off with your prayers.-- --

I tell you the truth, you My Christian people, are the Restrainer and the plots against you shall not succeed as long as you pray. So, arise and pray now for what is being planned against you. Pray that your military traitors will be exposed, stripped of their duty and arrested. Pray that plots will be intercepted and defenses will snap into place. Pray and defend your nation. This-- -- attack is not My will." And He was so adamant when He said this.

And He asked me, "*Do you feel better now?"* Yes, Lord I do. I've been so out of the loop and confused about what is happening and the Rapture warnings. Boy, they really threw me for a loop. *"I know well the difficulties you are all weighing in on. I know it is a great suffering, and I am using it. But for now, I am asking you to rally the troops and tell them to begin praying because your country is in danger. They want to attack you when you are caught up in so much disorder, but your President is nobody's fool. He is aware. This can be stopped by your prayers, so Pray My People, pray and make Me proud of you as warriors, for devastation is NOT My will."*

And that was the end of His message. And I just want to add, I have another message for you, but this one took precedence so I am pushing it ahead that I will be sharing a little more about what is going on and ask you to pray for certain people. Certainly, back up the President, Sidney Powell, Giuliani (the former Mayor of New York City), and the whole Trump team, and also for Robert David Steele. Please pray for him. Acts 22, by the way, is another. Robert has his own website, but since YouTube just took down all his videos, years of work. Of course, he has got a backup, he's on Bit Chute and that's where you will find his videos.

So, God bless you dear ones, let's get on our knees again. We are coming out of this other mess; we are going to have the victory. We are coming out of it, but now we need to pray for what is behind it and what is coming. So, please be strong in your prayers and remember you can speak failure over their operations so that they do not succeed in hurting our nation. This is not God's will for us. God bless you dear ones. -- --

Enemy Troops Poised to Attack From Canada

December 12, 2020

The Lord bless you and strengthen you, dear family. We are in a huge crisis right now. We need prayers and sacrifices to stop what is planned from happening. The Red Chinese may have shot down one of our F-16's, killing the pilot in the Upper Peninsula of Michigan, or it could have been those who oppose our president setting off a false flag. But it's been confirmed that the F-16 has been shot down, killing the pilot. Not only that, but in Maine, the Chinese had an underground military installation several layers beneath the earth. From satellite you could see many roads led from that desolate place in the middle of nowhere. President Trump ordered it to be destroyed, so they sent in a bunker buster missile and completely destroyed it. Apparently, there were 50,000 Red Chinese soldiers in that bunker, just waiting for the word to attack us. These have been confirmed, but we're getting information that the Red Chinese bought the Port of Vancouver and have moved in to protect their investment. There are also reports that they have been marching in full military gear in the cities as well as miles of Chinese war machines on the railways of our Canadian border. I have seen the pictures and our sources confirm this is the real deal.

Oregon and Washington have made plans to succeed from the union, complete with their new constitution, and actually when they succeed, they are trying to get the Chinese to come and defend them against the rest of the nation. Henry Gruver the elderly and kindly but very good prophet said there would be an attempt to invade our country on the Northwest Pacific coast, but every attempt would fail, and finally a volcano would go off

when they hit the beach head, and lava would start coming down onto the beaches to prevent them from invading. There is one volcano close to that area right now that has recently gone active and is on alert.

Guys, the Canadians are in bed with the Red Chinese, Iran, and North Korea.

Please pray, fast, and offer whatever you can for this to be stopped. Remember in one message I said destruction comes from the North? Destruction comes from the North. In several messages I was shown the North Koreans, Chinese and Iranians complicit in making war on America. Their war planes were flying over the great plains of our nation. Here are some of the messages that mention that:

April 2, 2016 titled Prophetic Dreams

June 24, 2016 The Destruction of America - the Modern Day Nineveh

September 12, 2020 CRY OUT!! DEVASTATION IS COMING!!! REPENT

May 13, 2020 Be Prepared. Fire Will Fall From Heaven

September 2, 2018 HIGH ALERT: DEEP STATE SET TO START WORLD WAR III. And these all mention some of the things that are actually taking place right now.

Our Lady spoke to Father this morning, she said, "Don't be afraid, you will be with us soon." Wow! When we went to the Bible Promises to find out if that was really her voice, we got Holy Spirit and Guidance, and Guidance is always a confirmation that we are hearing from God. Now I want to read this to you because this was brought up as well. It's from the message of December 7th, this year.

"THIS IS NOT MY WILL FOR YOU AMERICA." This is Jesus speaking. *"I have given you a second chance. You have woken up like a sleeping giant and are fighting for your country, which will live by My rules. But the*

enemy is hell bent on ruining you. Rise up and pray, prayer warriors, this attack will fail if you pray passionately against it. It does not have to be. It is not My will. Arise and fend this off with your prayers."

"I tell you the truth, you My Christian people, are the Restrainer and the plots against you shall not succeed as long as you pray. So, arise and pray now for what is being planned against you. Pray that your military traitors will be exposed, stripped of their duty, and arrested. Pray that plots will be intercepted, and defenses will snap into place." President Trump just called our troops back from the Middle East*." Pray and defend your nation. This attack is not My will."* And He was so adamant when He said this. *"Pray also Psalm 91 over your family and the nation. Pray every day with conviction that I will answer your prayers, and I will answer them."* And that was the Lord. He ended the message. So, guys, let's get busy. This is very, very serious, very serious, and it has been confirmed by multiple reliable sources, including our one military source.

How I Got Off Track

December 14, 2020

May the security of Jesus' arms keep you, dear family.

Forgive my absence and thank you ever so much for your prayers. This has been a week and a half of challenging trials. I have been lazy about saying the Binding Prayer and left the door open for the enemy to attack the very root of my faith. Dear ones, when you feel hopeless, lost in a blinding snowstorm of events, surrounded by thoughts of worthlessness, know that Satan's agents have come to steal your life in God. Know that you have been very effective, and they are trying to knock you out of the race.

But isn't it true that when we feel that way, the last thing we do is pursue the Lord, rather we wander about in the wilderness looking for other answers? Well, in my case, instead of pressing in with the Lord, I kept wanting to check on the progress of evens with our president, even though I know without a doubt he will be in office when all of this is over.

The truth of the matter is that I am lazy and do not persevere like a champion. Rather I wobble and go off course a bit, which only weakens and makes my state of mind much worse, even on the verge of despair. What we need to do is have sufficient information to pray effectively, and also to see the results of our prayers. It is very encouraging to see things moving. Beyond that it is just curiosity and distraction from our relationship with the Lord. To keep our perspective up, I encourage you to pray with Intercessors Of America, who put out focused and filtered set of prayer needs, so you do not get too caught up in the world...hungry for more knowledge but compromising your time with the Lord. That is what I did.

The biggest thorn in my heart is still how the wool has been pulled over the eyes of the public because they put all their trust in mainstream media, just like Hitler's people did while he was building concentration camps and quietly arresting those who had the good sense not to trust his controlled media...which was ever so busy glossing over the real agenda, the genocide of the Jews that were hidden from them.

The Lord had just warned me to keep a strong grip on His hand and not stray, but I in my weakness tried to justify my straying and went off on rabbit trails. Oh, please do not let that happen to you. By faith you know the outcome, now you just have to pray it through. So, I ask you to forgive me and thank you profusely for being so patient with me and praying.

Of course, the enemy jumps on me like white on rice, when I leave the door open in my foolishness. So, what is the remedy? Repentance, deep repentance, and returning to the duties assigned, not following the suggestions of the enemy who never sleeps. Sometimes it just takes an act of the will to disregard how terrible you feel about yourself, disregard all the negative voices in your head, and recognize that you have opened a door, let your guard down n and now you are in a mess of your own making. There is no easy way to get back, you just have to keep climbing by doing what you know is right regardless of how you feel. When I feel so disconnected and lost, I am must go back to where I was before I got sidetracked, pick up where I left off, and move forward doing what I know is right until the Lord restores my sense of purpose and direction.

I can only imagine that many of you have been going through something like this. Some here on the refuge have and are seeing this as a suffering to offer to the Lord. I have to say, this is one of the greatest sufferings, to feel disconnected and lost from your purpose in life. Lord, is there anything you would like to say?

Jesus began, *"Welcome back. Please tell them your line of reasoning that got you into this mess".*

Well, I would be curious about any progress that had been made in restoring our president to his rightful place. So, I would click on one of my news sources just to take a 'quick' look, right? Forget the quick look, that is part of the bait to string you along. I would be saying to myself," I know I probably shouldn't be doing this, but it will just take a minute and I'll be right back to what I should be doing". But then I would check and see nothing new, then I would check somewhere else, other things would pop up that stimulated my curiosity, and I would say again, "This will only take a minute and then I'll get on with it, besides, I want to know what happened to the bear cub the man rescued from the river". And before I knew it, three hours had gone by. Three hours of being saturated in the muck of this world, when I should have been praying or listening for a message or working on a song.

Oh, do you see dear family how weak I am? Then I would feel so guilty because I knew I had wasted precious time, like Eve in Paradise, I wanted to hide myself, I felt unclean.

Jesus continued, *"And you were unclean. You were contaminated by the doings of the world. Not that they were inherently bad or ugly, but they filled your mind and heart with useless things that took you away from My Presence. There is nothing in this world more pitiful than one who wastes their precious time chasing rabbit trails and filling up on junk food, when they know they have been chosen by God to serve Him. You come out feeling so polluted, and you are. And then the enemy starts pounding you with your transgressions and how badly you should feel and how worthless you are, and like a drunk you go back to the internet to num b out the pain again. I'm so glad you didn't go back to that "bottle" but came pressing into prayer."*

"How very clever the devils are, they know just how to pique your curiosity and draw you away from Me. But now you are here, My Love, and I am your happy God, having you back and we are going to move forward in spite of the taunting voices that have tried to destroy your resolve."

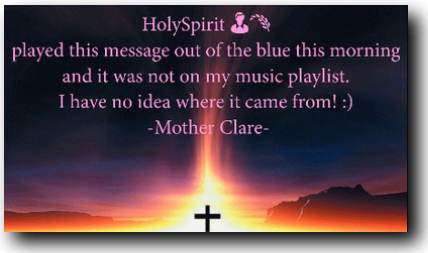
"My people, please understand these are treacherous times and more demons are in the environment than at any previous time in history. This calls for you to have a deeper and deeper relationship with me, staying ever so close, cleaving to Me with all your heart and not entertaining distractions. The times are too rife with currents and cross currents to steal your vision and momentum, and truly only the most committed will survive this time and thrive in it."

"Be ever so careful of a demon of FEAR. Understand that the enemy is out to establish a stronghold of fear in every soul on earth. Fear is used to steer people into the direction the enemy wants for them. Fear cause s them to shrink and withdraw into themselves, to play it safe rather than to strike out and expand. For this reason, My Body is in a tattered mess as tensions run high. Yet there is beauty in the united front you are showing in your commitment to do the right thing for your nation. Continue to pray for your nation and do not allow yourself to be overtaken with fear. I have a plan for every situation you find yourself in and your prayers have already ruined many of the enemy's moves."

"These are exciting times like no other and I am right beside you in all situations. Let nothing overtake you Beloved ones, I am with you and have already provided. You have only to seek Me, stay close and do the right thing. Remember to love Me and love your brother is the heart of your walk. Walk in love, not in fear and I will be with you always. Let nothing frighten you, turn to Me when you feel threatened, grab hold of My hand or even My arm And cling to Me. It is there that you will find all you need to cope with the situation. And remember, I am praying for you continuously, you are My Adorable Bride".

Christmas Eve 2015

December 15, 2020



(Repost of the message from December 24, 2015)

The Lord is preparing our hearts, Heartdwellers.

But before I get into the message this Christmas Eve, I want to say thank you to all who made it a really special, special time for the poor children in Taos. I've sent Carol two pdf's which will be available on the website, where you can read the letters from the children and see some of the faces when they received their gifts - it's just really a tiny, tiny example of the children here in Taos that have benefitted from all the good you've done.

And I just want to let you know that, if we haven't answered you by email by now, you probably won't get an answer by email, because we have been absolutely covered up. But we are recovering ourselves.

And speaking of that, my 003 is working again. Just mysteriously, after I sent the request last night for my equipment, it just started working. So, who knows? It's the Lord's doing, I'm sure.

I wish I had a bright and shiny message for you this Christmas Eve, but I'm afraid the Lord is truly suffering and the message is far from being cheerful.

He was very present to me tonight in worship and we spent a long, long time together. As I had told you about a few days ago, I set my computer's music list on shuffle - that's allowing the Holy Spirit to lead as to which songs to play, when.

The Lord's love inflamed my heart, until I could hardly bear to be in His presence, and I know that when He strengthens me like that, it means there's

a trial coming.

I noticed He was wearing black slacks, normal shoes and a white shirt with pleats, and a black bow-tie. Then I also saw Him in a full Tux.

I'll never be able to communicate the tenderness and glory that He imparted to me today. And I just want to tell you that anything the Lord does with me, is also for YOU - because I am merely one of His thousands of Brides and Queens. And He wants you to know the kind of treatment that you are going to get when He takes you into His Home in Heaven. So, He shares it with me. He gives me a glimpse of what's going to happen ahead of time, so I can tell you what to expect. There's nothing special about me. The only thing special about me is the Lord. And He is with you, too. And that makes you just as special.

So, when I read these things to you, I want you to understand - these are only for YOUR edification, because YOU'RE going to be doing these things with Him.

So, He gave me a beautiful red-velvet, royal cape with ermine trim, and we walked down this long aisle towards the Throne. He danced with me, holding me so tenderly. He was wearing His ermine-trimmed, red velvet cape and gold crown. And then He placed a gold crown on my head, also - a very ornate one and said, "A perfect fit!" And we lingered there together, forehead to forehead.

And now the Lord is sobbing.

He began:

"Oh, how I dread what I must do. Oh, how I dread it! All of humanity will be in shock and totally disoriented. All but the most remote, to answer your unspoken thought, My love."

I was thinking of those who live in the wilderness and don't ever get any news, and they're far away from the influence of people.

He continued, *"This moment that must come to pass. The glory of having you in My presence for ever must first be preceded by this horrendous trial upon the Earth. No, it shall not come nigh your dwelling, but the terror and confusion all over the world will be inescapable. My sorrow and mourning for the lost - this will hang heavy upon the Earth, like a thick, dark mantle of agony. Tormented souls who cry out as their blood is shed will cover the Earth with their sobs, with no one to comfort them, as many descend into Hell.*

"And My Bride? What shall she do? She shall behold the consequences of what has been done to ravage the Earth. But then she shall accompany Me into Glory, where every tear will be blotted out. Where we will celebrate her Homecoming.

"But before that moment, I must suffer My Passion, all over again, Clare. Remember in these moments in the Garden when all was revealed to Me, what I was about to suffer for. The physical suffering was and never could be comparable to the mental, emotional anguish of those screaming and crying out for mercy. Yet mercy will be denied them, because the hour of mercy has vanished. The time has come when My mercy must be swallowed up in judgment. And Oh, how bitter that is for Me!"

I wrapped my arms around the Lord and held Him tightly, hoping to bring Him comfort. Only a little drop in truly a vast ocean of misery. And He wept bitterly. My very little part was to hold Him, almost as if I were holding Him upright, because He was slumped over me in utter despondency.

"Yet I will have My way with this world." He continued. *"Yes, suffering will abound, but Glory will follow. Once the Earth is purified, it will rise again out of the ashes. And those who inhabit it will be trained in the ways of holiness from sea to sea. Yet that kernel of evil must be forever purged from the Earth, and for that reason I will allow the Earth a time of rest."*

Here He is referring to the 1,000-year reign.

"For those who are Hell-bent, I will give them time to rise up again until the Purification is complete. Yes, this second time of purifying will bring forth the evil and corrupt seeds of Satan, once and for all to be destroyed and stripped of their influence. And you shall stand by My side, and behold it with your own eyes, My Clare.

"Yes, the time is coming when evil shall no longer have a voice. Oh, the mysteries to be revealed! So many mysteries. And you will come to understand all things. No longer will you have any question. Rather you will be fully enlightened as to the "why" of everything.

"Do not despair. You've been strengthened. Stand strong! This is your time of vindication. It is at hand. No longer will they say, 'Where is your God?' No, rather, 'THIS is YOUR God?? The Mighty and Powerful One? No wonder you love Him!' Yet, they will not understand My love.

"Be prepared. Be strengthened. It is coming."

Keep Oil In Your Lamps-The Hour is Near

December 17, 2020

The My Dear Family of Heart Dwellers, the Lord is continuing to ask us to prepare our hearts and wash our wedding dresses. As I pondered the timing on all of this, I must explain that we still do not know the day or the hour, but we are in the season. After the five-year period the Lord gave us, He extended it to two years conditional on our prayers. We are only several months into that two-year time frame, but the Lord has come to me and explained that everything is subject to the Father's timing and the Father's word. And for all these years that the Rapture has been delayed, many things have come into place and ripened to the point of bursting.

Jerusalem is surrounded by her enemies, the anti-Christ is a prominent figure in the world, and people in our nation have been brainwashed and prepared to accept all the lies the media is groomed to feed them. As a result, we have a divided nation. Only the Father knows why things must happen at certain time. In the meantime, Jesus gives us assignments and work to complete, but even He knows that the completion of those tasks on this earth is conditional according to the Father's will and timing.

If you are anything like me you are stressing over what you didn't get done. The Lord told me this is NOT a drill this time. But who knows if mercy will buy us more time? No one knows. Originally He said the great revival would happen after the Rapture, but I confess I am a little confused because I also got another word, that because this country had turned from sin that it would happen before, so I have a conflict in discernment there and I

challenge you to go to the Lord and find out what He is saying. He knows that I do my best to discern, but I am far from perfect. So, here we are, this is my dialogue with Him this morning.

Lord, I thought you said I would have peace. But in this moment, all I have is sorrow and regrets. Jesus forgive me, I feel I have done badly, I have tripped over my flesh time after time after time. I had chances to reform but I was weak when I should have persevered and finished.

I have been harsh with others at times and I have grown a bitter root. Please take this nasty thing out of me. I am so sorry for my ingratitude and I am so sorry for having scorn and contempt where I should have had respect. I hate my sins Jesus, I hate them. With all my heart I want to make good on all the gifts you've given me.-- --

There is nothing left to say but Lord, have mercy on me a sinner. I have been guilty of all the sins: pride, greed, lust, envy, gluttony, wrath, and sloth. In spite of Your many graces to help me, I have still fallen short. After I made this confession, my eyes and heart were filled with tears and that I should have done so much better for Him. If this Rapture is imminent and about to happen, the door to doing better on earth is closing. Yet I will not stop trying, I will keep trying until that fateful day.

And then I went online to look something up for this message and this Rhema popped up. "Loving trust means for our contemplative life: an absolute, unconditional, and unwavering confidence in God our loving Father even when everything seems to be a total failure. To look to Him alone as our help and protector, to stop doubting and being discouraged, casting all our worries and cares on the Lord and walking in total freedom, to be daring and absolutely fearless of any obstacle, knowing that nothing is impossible with God, and total reliance on our Heavenly Father with a spontaneous abandonment of the little children totally convinced of our utter nothingness but trusting to the point of rashness with courageous confidence in His Fatherly goodness."

I believe that is a quote from Mother Teresa of Calcutta. Well, when I read that my tears dried and I felt better and Jesus began to speak to me,

"You see, there is hope. Yes, all things you confessed are true enough, but not even all of them added together in your 75 years even begin to approach the limits of My Mercy, which is as infinite as My very Being.

What can I say to you? You have done well? Nothing I say will convince you Beloved, the seed of bitterness and self-hatred goes so deep, only I can do anything about it. Do you know that Mother Teresa felt the very same way at the end of her life? She felt that she could never do enough and that even one poor sinner lying in the street meant that she had failed.

She was so acutely aware of the troubles of the world, the pains of the souls around her, that she would pray, yes, but to know that there will still be others out there, broke her heart and she felt like an abysmal failure. I am telling you the truth. This was a very dark night for her. And that is exactly how she felt, a failure. She continually asked herself, "Did I do the right thing?"-- -- This troubled her until her dying breath, when I came for her with the angels and saints in glory. So, you see, what you are feeling is not so unusual.

I'm here to tell you, you did very well, and I am coming for you, My Bride. Try not to be so deflated and feeling so very low, lest you discourage others. All fall short in the light of My Truth, not one has attained perfection, except My Mother. But in order for her to do that, her lineage had to be meticulously prepared for her, and even then, she was given the grace of baptism at conception. Therefore, her blood was totally cleansed of any vestige of sin, she did not have some of the bloodline struggles and curses that most work against. But even if she had, she was so close to the Father that he would of strengthened her and she would have corresponded.

Grace is a wonderful help, but without the grace of corresponding to grace, many loose it. Many are victims of the enemy stealing it because virtue and self-control do not go deep enough. If there is one thing you should teach

your children, it is self-control and patience, with a keen understanding of humility and charity.

For now, I want you to prepare the flock. Repentance is of the utmost importance right now.-- -- Some who have not repented will be left behind. My children, I encourage you to do a life review and confess all the sins of your youth and growing up even to this present day. If an action comes to mind, repent of it. Even thoughts are serious offenses and must be repented of. I want My Bride to be clean when I come and for most of you that means a serious review of your life and acknowledgment of your sins, and deep repentance.-- --

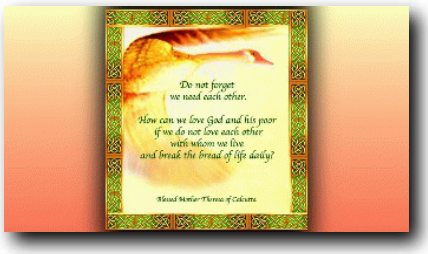
Understand that your thought life has the potential to condemn you to Hell. You may not have done it but if you cherished the grudge and wished ill on your neighbor, you have committed a serious sin. Unforgiveness will tether you to this earth just as securely as an abortion that you never repented of. This is no time to fool around, I need you to take Me very seriously.-- -- --

Make peace with any you have offended. Forgive everyone and receive their forgiveness. Pray and ask Me to heal those you have wounded in your life. Pray for those left behind. Write love letters to your relatives, do what you can to ease the pain of sudden separation that so many all over the world will suffer. Offer them hope and warn them sternly not to take the mark. The day of the Rapture, they saw Scripture fulfilled. The next thing to be fulfilled in Scripture is the mark, warn them that the depths of physical suffering that will come on the heels of that after a period of so called prosperity and security, then they will throw a switch that will make you suffer like you never believed possible, and on top of that, you will wish for death but it will escape you. This tool of Satan's will cause you to curse Me and die unrepentant. So, I am warning you again, cry out for mercy and remember those who take the mark will suffer for eternity. Better you should die quickly and be in Heaven with Me for eternity than prosper for a few short months and then die in torment and end in Hell as well. I am with you in all of this, I love you dearly and My greatest wish is for your complete repentance so I may take you. Please ask the Holy Spirit to show you the

areas you need to repent of and I will forgive you and your wedding dress will be clean without spot, wrinkle or blemish."

Live Simply, Love Deeply

December 19, 2020



The My Precious Family, this message is mostly for the community, but I know that many of you feel a part of us even though you are not here, you want to live a simple life, pleasing to the Lord. For us Franciscans, it is Holy Evangelical Poverty, living as close as is possible to the first century ideal. The way Jesus and the first apostles lived, so we can be free to follow Jesus without worldly concerns dragging us back. One who serves in the military does not concern himself with civilian issues, rather they keep themselves free to act on behalf of the nation. So, it is with us as the Lord's Brides, we are betrothed to Him and therefore, wish to involve ourselves only in His business.-- --

Lord, I thank you for sending Mother Elisabeth and Mother Elisha to me, because their hearts recognize that the community needs to grow in holiness and abstinence. And I want to mention to you all, that I do not believe I am going to be here much longer with you. I am passing on my authority to Mother Elisabeth who is ten times more capable of handling anything that will come up during the tribulation, than I am. You all know I am riddled with faults and short comings, so I do not say this lightly. She will be the one God has chosen to lead this community. She hears clearly from the Lord and is very seasoned in the ways of love. Truly a God send. Mother Elisha also has the same gifts, but we are expecting her to leave for Ghana sometime soon to begin a work there among the orphans and the poor.

So, this is what the two sisters brought to me today, asking for reform, because they have felt there are too many excesses and we need to scale

back. The Lord has been saying the very same thing to me, so I am addressing this now and asking for His wisdom.-- --

Jesus began, *"Be together. Share. Look after one another. Keep it simple. There is no place in a religious community that professes to live by the Spirit for these kinds of foods. And yes, buy an oven."* That is one thing we don't have is a large oven, so we have to get a stove for the Commons. -- --

"The idea that needs support," He continued, "is togetherness. *Bringing everyone onto the same page in agreement of what is appropriate and what is not. Sugary cereals are not only expensive, but very bad for your bodies. Sodas and salty food also are bad. Clare, you have learned to make popcorn when you were needing salt. That is a much better alternative, even with brewer's yeast sprinkled on it.-- --*

They need to understand that the world as we know it is going to change and you have to find substitutes, simple ones, to replace highly processed foods which in fact are poisonous and cause mental handicaps and restlessness.

My people, you are living far away from the ideal of a deeply committed Christian. I do not expect you to live like St. Francis, but I do expect you to shun the world's delicacies and cleave to Lady Poverty. Your diets are all topsy turvy and for the most part very unhealthy. It is not easy to change overnight, so I am asking you to begin now to reform your taste preferences to live a life more in keeping with the Gospel ideal of Evangelical Poverty.-- --

Simple foods prepared simply are best. Fresh vegetables, simple meats, chicken, tofu for others who do not want to eat meat, whole grain breads, honey, simple fruit spreads. In short dear ones, you resemble the world in what you eat, and I cannot bless this community the way I want to because of your worldly appetites, they are seriously detracting from your spiritual lives." And here I just want to mention that we have a few newcomers who are not use to that kind of lifestyle and we have been trying to take things slowly for their sakes, but now the Lord is asking for a stricter standard.

He continued, *"You don't need jewelry unless it is sacramental, you don't need styled hair, these are the things the world runs after and they will weight you down in your flight to Heaven. By that I mean they will hold you back from the life of holiness I am calling you to.*

There is altogether too much possessiveness when it comes to belongings. This community should be a model fashioned after the second chapter of Acts in the Bible, where all share what they have in common. To be overly attached to what is 'yours' is to set yourself apart from the covenant of brotherhood and to violate brotherly love.

Share freely what you have and take absolute care of those things you borrow from one another. Never be lazy or careless with things shared among members in the community. Look to the needs of others and if there is a way to relieve their needs, and it is in your power, don't wait to be asked, rather with a good heart offer what you have to relieve their need.

Look out after one another. Do not be territorial or possessive, this attitude stems from the devil's influence in your lives. Give until it hurts, if you must. But on the other hand, do not ask from another what is needed for their well being unless it is an absolute crisis."

And here I just cut in and said, "Lord, some have come from families where they had to fight and scrap for the things they wanted?"

Jesus continued, *"And that's precisely what I do not want to see here. Love your brother as you love yourself. Do not withhold good from them when it is within your power to act. Do you not know that I am looking after you in My loving providence?*

If it is necessary to you, I will provide it, unless I am asking a sacrifice of you. In which case, it is always easier on you when you offer it freely, not clutching and hoarding, but with an open hand, sharing.-- --

My dear ones, this is a community of Brides. You are one family and as such are bound to look to one another's needs and not claim your own personal rights. In the world you did such things, but you have left the world behind

to follow Me. You should excel Mother Clare in your abstinences because she is older and has other crosses to carry.-- --

Try to understand, the more you have, the more it owns you, the less time you have for Me. I want you to live a minimalist life to follow Me wholeheartedly, without the encumbrances of worldly fashions and ways. Be beautiful from the inside out, not adorning yourselves with sumptuous hair styles that speak of palaces and grandeur. Rather simple poverty, that speaks of the little one from no where, having no beauty in their outward appearance to attract the attention of the world, but modesty that bespeaks holiness. You all have a ways to go in reaching this goal My Brides.-- --

Come now, did I not speak of purifying your bridal garments making ready for your King's arrival? Practice these things now and in Heaven your true glory will shine and be an inspiration to those who are still attached to the world, when you return with Me to rule and reign.

Live simply, love one another deeply and from the heart, live for others not for yourself and you will have peace and deeper fellowship with Me. The more empty you are of the world and all its ways, the more I can fill you with My grace. Do not look to others to tell you these things, I am already speaking to your heart, therefore, live your lives from the Heart and bring Me glory. Remember that your emptiness of the world's treasures is your invitation to Me to fill you and I will fill you with the choicest gifts not of this world but of the spiritual world in Heaven."-- -- --

Rapture Update

December 24, 2020

Well my precious family, judging from the emails and comments I have been getting you were pretty blindsided by the message about the Rapture being so close and I have to confess, I was too. And it threw me into a deep look at myself, finding out am I really ready for this. I know I want it because I'm tired, but am I ready for it that's the question. So please be patient and understand the Lord has His ways of motivating His Body. And there are times when the methods could be a little painful, like knowing the Rapture could be any day and taking a real honest look at ourselves and seeing, we're not ready!

The bottom line is, we'd better get ready.-- --

Recently I heard about an internet minister who said the Lord told him the Rapture was ten years away, hmmm. Well, I haven't been able to substantiate what he said, but this minister definitely knows the Lord and spends time in Heaven, so it rather threw me for a loop. And I came crawling to the Lord saying, "What is going on here?" "Have I gotten a false word or what?" -- -- --

Now many of you have expressed the feeling that you are NOT ready. And it is true, you are not. I see the writing on the wall, the Rapture could be called at any moment, but I also know our focus should never be on when it will happen, because if it is, there's a good chance we will run out of oil in our lamps. Our focus must be on doing God's Will from moment to moment, living faithfully for Him, and loving Him with all our hearts. So, I asked the Lord, why is this minister getting ten years from You?-- -- --

And Holy Spirit answered me, *"I am leading him in a different way. You do not see your role very clearly now, but you will. I have given you this flock for a very substantial reason. I am leading you by a different set of rules and there is solid logic and reason behind it. I am leading you by a different way. What goes well for him and his flock is not necessarily good for yours."*

But Lord, you deceive no man, so it would seem that we would consistent in what we are saying. Holy Spirit continued, *"That is true, however, I can say different things to different people yet they can all be within the realm of possibility. You are leading an older more mature crowd and he has many young ones. How I guide him is absolutely going to be different than how I guide you. Besides, NO ONE KNOWS THE DAY NOR THE HOUR. NO ONE, that includes Me. I can only judge from the what My Father tells Me and what I observe on this earth. This is a secret of the Trinity; it is a discretionary sharing of truth as it applies to the situation."* Forgive me Lord, but this sounds very much like a familiar spirit justifying lies and situation ethics, like certain things justify lying, but YOU would never lie to us. *"Where is your faith in Me?"* He said. Well, I went to the Bible Promises asking this question and I opened to Mercy, the first page of Mercy on Page 106, and then it started to make sense.

Then the Holy Spirit continued speaking and He said, "*Who are you going to believe? Is it not presumption to say that the Rapture is in ten years when I told you through My Holy Word that no man would know the time of Rapture?"* But You did say Season and it seems like we are on the cusp of a new season, even a new era that could dove tail with that pastor's word. Holy Spirit please help me, lead me and correct me. *"I am helping you. We are doing this together now. Clare, beloved one, you are correct in questioning this immediate timing. You see, this has not been decided yet, as warnings are going out, people are falling to their knees and seeking Mercy. Mercy because they have wasted time, like you have. Mercy because of their unsaved loved ones. You see, this has not been decided yet, as warnings are going out, people are falling to their knees and seeking Mercy. Mercy*

because they have wasted time, like you have and now they see it. Mercy because of their unsaved loved ones.

Mercy because of unreached people groups. You are right in questioning and hoping the time will again be extended. But you must come to understand that The Father is sovereign and He alone will choose. How many warnings have you had??? And what resulted from those??? Some good and some not so good. And yes, while you resolved to do better the demons were sent to wear down your resolve and even entice you away from the most important things you should have been doing. But I must say, you have persevered in brotherly love and keeping that high on the agenda and that matters very much. This is not Our (Holy Spirit & Jesus) call. This is Father's call and it is utterly dependent on what conversion of heart is seen, what depths of repentance are seen, and lastly what fruits are seen on that tree that bore no fruit for three years. The Gardner is now hoeing around the tree and applying fertilizer to enrich the soil that perhaps the tree may bear real fruit.

You see, you are called to progress much higher than you have gone. The reasons for this are laziness, fatigue, the lies of the enemy, lack of perseverance in faith, and finally, yielding to the flesh when you should have drawn your sword and fought it. You are riddled with faults Clare, but your love is great. I honor your love, child, I honor your genuine caring for others and I see how you have been defeated by the Father of Lies. Nevertheless, you must now rally, and get busy doing what you know you should do and you will be prepared whether the Rapture happens next month or at a later date. Your sins and weaknesses are quite common to mankind, but your virtues are great as well, what is being asked of you is that you overcome those remaining spots, wrinkles and blemishes. And a good shake up, wake up call, knowing that the Rapture is right around the corner, is the best way to get you all to look at the real person that you are and what you have done and what you have failed to do. Jesus wants a spotless Bride, and when the Father sees her in all her glory, then He will call her home. So, you are right in suspecting a delay, she is far from ready. And as you persevere with your commitments to overcome self-will and the

flesh, as you share these struggles and victories at the end of the road, others too will press in and say, "If she can do it, I can do it." There are so many who are terribly far away from this goal and He wants them ALL. However, all is not possible, and this is where the Father's discretion enters in. He oversees the entirety of believers and those called to believe, and He must make the judgment as to when to redeem her. You have some time to work with. But there are no guarantees that He will call you home, and give you ten more years. No guarantees at all. You are right in saying the Antichrist is among us. What you were shown in the dream you had about being on the deck of that ship with Hillary, that was truth."

And He is talking about there, I had a dream that I was on a ship headed towards Mexico, it seemed like maybe Mexico City was the destination. I was on the deck near Hillary Clinton who turned and looked at me saying, "He is with us." And I knew it was the Antichrist and he was below the deck, out of sight. At that time the Kosovo War was going on, and we were living up here on the mountain with our sheep. I awoke from that dream, knowing it bore the Holy Spirit's signature. I had no idea who the man was until he was elected to represent the Democratic party, in the presidential race, when I saw him for the first time, I recognized him because of the vision the Lord had shown me at the Capitol building. There was a gala going on and a woman stepped up in front of the podium and began to introduce the man who was Our Savior. Then a rather tall, slender man of dark skin stepped out from behind a door. He was dressed in a suit, but I felt that he was Muslim, that should have been wearing Muslim attire.

Holy Spirit said, *"So you see, you have many of the puzzle pieces, and you are correct in saying this is the season, because indeed he is working behind the scenes to gain the alliance of all the nations under himself as the one world ruler."* But Lord, what does this other pastor see that I don't see? The one who said ten years? Holy Spirit continued, *" He is dealing with many young people that need a time frame to work out their gifts, so they will not turn slothful, as is the tendency when you feel your time is up. What I am saying to you is that you are here today and your time is not yet up,*

neither is the time of your flock up, so work while you have the light of day because the darkness will soon be upon you.

When I say the light of day, I am talking about a time when the persecution is not so great that you must run from location to location to even stay alive. You have the internet, you have your gifts and equipment, you still have relative freedom, you have a president who is pushing back the Red Dragon, you have conversions coming into the Church left and right around the world. In short, it hardly seems like the time to quit because there is still opportunity to minister and call the lost sheep into the flock. I know in your heart of hearts this is what you want, really want, to finish the race and not waste your gifts. I know this so well because I live inside of you and grieve with you when you cry. But I also know how tired you are and how your body seems to be taking on more of the weight of age. But Clare, don't you know WE are fully capable to give you what it takes to finish this race?? This is where you have lacked faith and been targeted by the covens, which by the way are no match for My Grace, just in case you have doubts. I only need your thinking to come into alignment with Ours to make this work. I speak the truth; this is all that is needed from you."

And here I would like to share the vision Mother Elisabeth had this past Sunday. We were all in worship and the Spirit of the Lord was so heavy and beautiful in the room, she saw Mary the Mother of Jesus forming victor's crowns out of olive leaves. She handed them to her Son and He placed them on each of our heads saying, *"Finish the race and your reward will be great in Heaven."* Wow, what a word of encouragement.

Holy Spirit continued, *"In the meantime, the Father has a view of the whole picture, and He alone will make the determination when it is time for her to come home. But as we wait, we are looking for the best ways to motivate you all into snapping to and coming forth from your lethargies and dream states. You who are older have tremendous advantages over the younger generation in that you don't have time to waste and you have been seasoned by having fallen into the traps of the enemy in the past. Your hormones don't rage, which is helpful, but on the other hand, your motivation fizzles. We*

want you to shake off the dust of years and step up to the plate, hit home runs for Jesus, and in your present state of mind, you wouldn't have the motivation to walk from the dug out to home base. Yes, there are problems, but they can be overcome, and you can receive healing during worship, as well as empowerment to see ahead and move forward with the impulses and graces I impart to you. In short, your state of mind needs rejuvenation.

This is the wave Lana Vawser was talking about." That is from an interview she had on the internet just recently. He continued, *"It is coming and it is like surfing, you must position yourself through obedience and worship to catch it. The Lord Jesus has been guiding you along the right way, what is needed is more effort, more obedience, more trust and faith in Him, not in yourselves. You are way too bogged down in the flesh and the only way out is through obedience, as difficult as that may seem at times. You are looking at what you have rather than what is possible for you to have. So much more is possible to you if you don't settle. Don't settle. Cry out for the fullness of the manifestations and empowerments of My Spirit. Cry out and knock on that door until it is opened for you. So, you see, you are not washed up, it is only a state of mind. We would have you working hard until the very second, we call you home. But you have wasted time on foolish things, on kicking back and resting, on waiting for the end to come, rather than pressing in and using every minute and opportunity to do good, to exercise your gifts and to live for the God. This is like the servant that took his talent and buried it. There is a need for you to recognize the areas where you have taken your ease, and grasp your will by the neck and make it obey your spirit. This is what the saints did.*

They took Heaven by doing violence to their flesh and refusing to let a spirit of lethargy determine what they could or couldn't do. Is it not written that "The kingdom of heaven suffers violence, and the violent take it by force" that's Matthew 11:12. *"So, you see whether you are called home next week, next month or next year, you must be busy about your Lord's business, not like the slothful servants who took advantage of their master's delay and just kicked back. There are many pitiful souls who instead of getting busy for God, are just waiting. When a rapture warning comes out they stop, lay*

back, look at the sky and say, "Oh well, I wish I could have finished the race better than I did." No!!! That is not the response We are looking for. We want you to jump up and do more until the very moment We take you. So, what you have encountered with the serious Rapture warnings are wake up calls to get up and get busy, not excuses to kick back. There are many on this channel who are not doing their utmost to bring the kingdom of heaven down to earth. They are living for themselves, not for God, and there will be consequences to their negligence. Time is precious Clare. Never, ever waste time. Make it count sweetheart, make it count. I am so in love with you and the Heart Dwellers, that I grieve when I see a slovenly attitude which is projected onto them by the enemy as well as fostered by their fatigue in their own flesh, when I see them giving into it.

NO! Don't give into it. You have more life in you and a wave of inspiration is on the way for all. But you must first recognize where you have laid down and abandoned your post, and repent, making a firm purpose of amendment to absolutely change, taking the beast by the horns and wrestling it down to the dirt. You are all capable of SO much more but you have to want it and reach for it! So here is the bottom line, the Rapture could come at any minute, or it may be delayed. You all have just received a jolt and a wake-up call to see what you have left undone and see yourself empty handed before the judgment seat, grieving because you didn't use your time wisely. This warning was sent to cause you to take a look at yourself and see if you are indeed ready. Do you have a peace that you've done everything you were called to do? Or do you feel grief because you've left much undone. I am not saying the Rapture is delayed, I am saying you've received a jolt to get you to look at yourselves before God, and see if anything is lacking at the very least and to work to complete the job. I am with you,

I do respond to heartfelt prayer and supplication. I do direct your activities to help you get the most from them. I am constantly reaching out to get your attention so you will make the right choices from moment to moment. I want you to believe this with all your hearts, and put your best foot forward from this moment until you are taken from this earth to be with Me forever. Remember, it is not about when the Rapture will be, it is about what God

will find you doing for Him in that hour. And the only way you can satisfy that requirement is to do your best, your all out best, beginning right now, to make Our kingdom come, Our will be done. We are counting on you Heart Dwellers; we need this from you. Be prepared at all times with your lights shining brightly and your flasks full of oil." And that was the end of the Holy Spirit's message.

Well my dear ones, all I can tell you is what I suspected before I got this message, and that is, get busy, use this time wisely or you will be very, very sorry. Family, if you are living for yourself, it is likely that you won't be taken. But if you are living for God to the best of your ability, I believe you will be taken.-- --

You do not have to have a public ministry to be living for God. Intercessors hidden away praying are doing a wonderful job, a wonderful work for God and their fruit is being seen all over the world. And nobody knows who they are, and nobody has given them a position or a platform to stand on, but God knows who they are and they will be working to the very moment He calls us home. For those of you who feel you are not ready, I confess to you that I am not ready either. So, let us both get our eyes off the clock and the calendar and do all that is within our power to obey the Lord using the gifts we have, and He will surprise us with the Rapture. But if you sit back and say, "Oh well, where's the rapture?" It is most likely that you will be left behind.-- --

So, let's get to work on our faults and short comings. Let's wash our wedding gowns and get all the spots, wrinkles and blemishes out of them. Let's get busy with the work entrusted to us, whether it is raising a family, writing music or being a hidden prayer warrior. Let's get to work and we will be taken at the perfect time, at a time when we are truly living for Him and Him alone. All things considered; God's timing is impeccable. God bless you Heart Dwellers.

The Home Stretch & Rerun of 2017 Message

December 28, 2020

May the Lord strengthen you with His joy and may He grant you all the perseverance that you need to carry on to the completion of what He has given you to do on this earth. Well, my dear ones here we are again, I am rerunning this message which I got in October of 2017, and this message is very pertinent right now.

There are no guarantees of any amount of time here, just the mandate to work at your giftings as hard and focused as you can. We are in the final stretch. This is not a Rapture drill; this is the final warning that is coming. Back in 2017 there was a suggestion of some more time. I believe it was five years or so, but all I hear the Lord saying is get busy at your apostolic and do not sit and wait for the Rapture or you will be left behind. Guaranteed. He is telling us these things to motivate us to do as much as we can in the remaining time to bring the Kingdom of Heaven to earth. If you think you can kick back and wait, think again, because you will be left behind.

He is not playing games, but He is giving the lukewarm believers a chance to wake up and make up for their sloth and indifference by telling them to get busy. There are times when I confess, I am one of those. In any case, if you do not get busy but live just for yourself, you will be here to live through or die during the tribulation. No more games family, this is serious. What does it mean? Well, He is saying the very same things now that He said back in 2017 in October, except there are no guaranteed time frames.

All could end suddenly within the next month or go on for longer. This is not a promise of more time like we had back then.

This is a notice that we are in the home stretch and the trumpet could cry out at any moment. Happy are those whose lamps are lit expecting their master's return, and those who have an abundance of oil in their flasks. So, here is the message from 2017, and it goes over some of the same points that He is asking of us right now, and there is a mention of five years, but He never confirmed it. Never confirmed two years, three years, or five years at least not in this message. So, we are kind of in the same place now, except we truly are in the home stretch, and the graces are prolific if you will just rise up and take hold of what He has given you to do. The Lord bless you dear ones. This is a beautiful message from back then. I hope it gives you the courage and stamina to go on.

I want to introduce this message by saying we do not know who gave their last tear to get the stay of execution of Earth. But all the broken hearts, rivers of tears, fast and sickness offerings to the Father to grant more time, more grace, more mercy--have been heard. He has turned His hand away from giving the command for the War of all Wars and the Rapture.

He has extended the time.

Some of you will doubt this is the Lord, but all I can say is that tonight, when He gave this message, He was stronger and clearer than I have felt Him in a very long time--which prompts me to affirm that I believe this IS a message from the Lord.

Jesus, You have laid out your will for us tonight. Thank You. Please, empower us to be faithful with the time you are giving us. Amen.

Well, the Lord Jesus came to me tonight after communion and began speaking about Rapture timing. Hold on to your hats!

Jesus began, *"I know you are anxious about the timing of events; that is why I am telling you; we still have a way to go."*

Wow. I know what that means. But I asked Him, "Five years?"

He answered, *"Maybe. Much could be done in that time as you count it on Earth. At the same time, much could be forestalled. Much evil could be done and come to the surface. That is why I need a group of intercessors on the forefront shouting down the enemy, praying down the wickedness and evil that spreads like the plagues of Egypt.*

"Clare, you know in your heart there will be more time. You know this, don't you?"

Yes, Lord. But You have said time is ending.

"And for Me, 5 years is like five minutes. Truly it is.

"There is going to be a move of God unparalleled and just now My faithful ones are entering into it. You see, many have been ready for many years and have born their fruit as they abided in Me. But now, I have a new generation, a new crop of soldiers and Brides, with a new vision--to spread My Love to the darkest corners of the Earth, and they are doing it.

"I am going to cause an explosion of faith around the world. It has already begun with certain ministers and countries, but I am going to accelerate it. I am fueling this explosion with My Holy Spirit.

"Much that has been prophesied will come to pass and America is going to lead the way for revival. My Father and I have chosen, 'More time, more grace, more mercy.'

"But I am not calling My Brides to lay down their arms--but to guard what I am bringing upon the Earth. And the reason I do not want you or your Heart dwellers to put down your fasts and abstinences is that I want you all to be equipped with the greatest gifts to call My Mercy down upon the Earth.

"You will not be liked for this stance; you will receive more boos and calumny, and some will leave the Channel. But My heart is for you all to continue to live lives of self-denial; simple lives where your flesh is kept

under wraps until it dies of old age or starvation. But in the meantime, you will grow stronger and stronger in My anointing.

"There is a time for fasting and mourning; there is a time to lay down the sack cloth and take up the garments of praise. Yet still, I am calling you to continue to keep your flesh down. What does that look like? Do not spend hours in the kitchen making gourmet meals. Do not spend a fortune on expensive food. Make each day a third world day, in the sense that you eat sensibly, with simplicity and good nourishment, but avoid the dainties."

Like Tiramisu, Lord?

"Exactly. These things that taste so wonderful are waiting for you in Heaven. You will have an eternity of delights, although you will find that the riches of the spirit far outweigh your desire for anything having to do with the flesh. Yet, there will be an abundance of rich foods, especially on the Heavenly feast days."

Feast days?

"Yes. The memorials of great victories and historical markers, for when I delivered My People and bathed them in My Spirit and delivered them from evil en masse. Yes, indeed, there will be celebrations the likes of which you have never seen on Earth.

"But for now, I want those who profess to be Mine. I want them to live a circumcised life, free of worldly attachments, free of heartburn, free of guilt, free to worship Me with a clean conscience knowing that they are in My favor. Just as I came to you tonight to tell you how pleased, I am with you. This is an absolute prerequisite for the gifts I am releasing on Earth in this hour. Do not do anything to compromise My friendship...do not try My mercy and patience. Rather, be faithful with the littlest things."

And here I want to add an aside, guys. I have had a couple of temptations to get something that was really frivolous. And I remembered how the Lord distances Himself from me when I get into self-will or do something that I know He would not be the happiest with. And that hurt enough that I just

could not do it. What I wanted was far, far less important to me than having His fellowship. So, I have been guilty of compromise in the past, but it has cost me dearly and it is so painful when He's quiet. And you know you have blown it.

Jesus continued, *"I wish for them to press into the greater gifts: prophecy, healing, wonders that witness to My power and love. To have these gifts in operation, I need them to abstain from worldly pleasures. Not sin, that is a given. But abstain from those things that feed the appetite for more and better--fine food, clothing, luxuries, comforts unknown to the poor. All these are poison to the Spirit living within; they all cause a downward spiral of dependency on the flesh and feed selfishness.*

"No, I want them to strive for the better gifts that lose the bonds of the captives. This is a work, a great work of the Spirit whereby you lose more and more attachments in favor of caring more and more for those around you. I am calling all of you into a life of love for your brothers and sisters. And as you detach yourselves from the world, I will increase that love until you are burning with charity wherever you go."

Lord, I felt such conviction when I watched Todd go into a store, and all he did was minister. My whole attitude when I have to go to the store is get in, get out! I do not think or care to tune into those around me that might need ministry. I just want to get OUT of there! Is that a bad thing?

Jesus answered me, *"How do you feel when you minister to a soul?"*

Wonderful.

"And that is as it should be. When you deny your flesh, you lose interest in what the stores have to offer in favor of the opportunity to touch a hurting soul with My love and a word to uplift them. When you deny yourself, you empty the selfish, carnal appetites and make room for My loving presence to overtake you.

"You have experienced this; was it not wonderful and worth every effort?"

Yes, Lord, my contentment was over the top.

"That's what I mean when I said, 'I have come to bring life in abundance.' That is the abundant life, because you are ALIVE and ministering aliveness to others. You are truly My ambassadors and care little for the foolish things that used to motivate you.

"And as far as your condition and Ezekiel's, there is going to be an explosion of healing for My ministers, so they can minister on the highest levels. But remember there will always be offerings, Simon's cross offerings. Always. But they will be less and less painful for those of you who have made it a habit to detach yourself from the pleasures of the flesh.

"I know these words are not easy for most, but I have not called most. I have called My Brides up higher--and I am not done yet. We are going to keep climbing... that is, if you want to.

"Living a life of self-denial is not for everyone, but the fruits will be experienced by everyone. And some who refused to go out to the field to work will change their minds and do My will, when they see what they could have if only they would give up what they are so desperately hanging onto."

Boy, that describes me to a 'T'...

So, just to be clear, Lord--are You saying we have five years yet?

"No. I am saying you have more time, more than you previously thought, which was three years. I am saying My Father has determined that His mercy will flourish before the final hour, when no one can jump off the fence. This is also a warning to those of you who know you have turned lukewarm in favor of your selfish appetites. You have an opportunity to grow into the full stature of the sons and daughters of God.

"I am extending an invitation to you fence-sitters who are still harboring sin in your lives, hoping My mercy will cover you in that last hour. It will not.

Either live the life I have called you to--or stay here and suffer. The choice is yours. And in this moment, you have the break you need to rise up.

"Don't defer your salvation another moment, don't put it off. You will be left in the dust and ashes of your sins. If you are living together, get married or move out. If you are stealing, stop now and make restitution. If you are living selfishly for yourself, begin to serve the poor. Give to those who have nothing."

So, Lord are you saying, perhaps three or four more years?

"You are close, but I will not give you an exact time frame. I must tell you that My Father's judgment will continue to manifest itself on Earth with disasters of man-made and nature-made origin. Your only protection will be to live a life that is ready to be called Home any minute. I will not give any guarantees.

"The just and the unjust shall perish together; their destinations will be totally different.

"I am telling you, bring your gifts to fruition, work hard under My anointing. Stop living for yourself. Stop feeding your flesh and seek out the lame and wounded and what you can do for them with your limited resources.

"If you are called to the marketplace, support those who minister and those that are in the mission field and it will go well with you when I come. Truly I tell you, you will not lose your reward.

"Live before Me every day as if it were your last because plagues, wars, and terrible Earth disasters will continue to accelerate as the birth pains get closer. You know not the day I will call you Home--and you will give an accounting.

"Therefore, begin to live for Me and My agendas now, so that you will have treasure in Heaven.

"Those of you who have foolishly buried your talents because you were busy sitting on the roof watching for My coming--here is your chance to make it right. Get busy. If you are busy about My business, you will not need to know the day or the hour, nor will you be left behind.

"Make no mistake about it: roof-top sitters who selfishly pass their time expecting a free ride to Heaven will be left behind. The only ones I am taking are those who are busy about My work or being faithful to their state in life. And teaching their children how to give and how to serve.

"I admonish those of you who continue to say they cannot hear or see Me. You are not pressing in sufficiently; you are not living single-mindedly for Me but are compromising with the world. I have not become your all-in-all and your everything, or I guarantee you, you would not be without My strong guiding, hand, and loving arms.

"Have you not felt My hugs when, with a good heart, you went out of your way for someone? Have you not felt My deep gratitude? The secret, then, is to do this more and more each day and you will accustom yourself to feeling My presence and approval with you.

"Having this assurance, you will RUN EXPECTANTLY to your prayer closet and lock the door until you touch the hem of My garment.

"Many of you know in your hearts you have been lazy and that has affected your ability to hear and see Me. In your heart, you were convinced you are not worthy because you have withheld yourself from Me.

"This is not working righteousness. It is a working, loving relationship, that when you love someone you give up your priorities and rights to further their agendas. And when you do this, you come to EXPECT to be in communication with the Love of your life, because you are living for them."

Interestingly, this is the rhema I got when I finished the message, "A servant may have a desire to fast, but he is obliged to pass the whole day in digging and ploughing, or whatever you please. Well, if this servant is well instructed, he will think 'But if I do this, I shall not be able to satisfy my

master.' Well, what will he do? He will eat his breakfast and mortify himself in some other way. We must always act in the way that will give most glory to the good God." And I am not sure who said that, but I think it was St. John Vianni.

"So, all in all, My Brides, you are on the right track. Please, My Brides, do not fast in your flesh. In other words, allow Me to lead you. Make a rhema card for fasting and different kinds of fasts, and that will help to guide you when it comes up. The object is not to starve you, but to help you become indifferent to food to the point where you only eat to nourish your body. Not for the pleasure of it."

And I wanted to say as an aside, I used to tone down my meals with ground flax seed. And water also will kill extremely good food; it will kill the taste.

Jesus continued, *"These are things you can offer Me out of Love for Me, and they are acceptable gifts. But bear in mind, many of you already have sicknesses that are sufficient crosses or crushing family situations. I want you to be strong to function, but indifferent as to what you eat. This will close the door to constant preoccupations with the flesh and help you shift your lives into the spirit, full time.*

"Expect miraculous changes in your walk, My people. Remember, you cannot out-give Me."

And that was the end of His message.

And I just wanted to share a couple of things with you. I have talked about this before, and there are abstinences that work very well for separating your appetites from your flesh.

Some partial fasts are vegetables and grains only. Believe me, that gets old--very quick! Abstaining from dairy. I use almond milk and coconut milk. Abstaining from sweets, butter, spices, and cream sauces. Abstaining from meat and eating fish instead.

Some people fast on water for a limited time or a time designated by the Lord and confirmed by outside sources. Bread or rice and water is a good fast. Fasting from fast foods and sodas is an abstinence.

Supplementing your fast with protein drinks. By the way, I use Orgain Protein powder. It is great, but you have to take a digestive pill, an anti-gas pill with it, because it does have legumes in it that can cause gas. But it is a wonderful source of protein. It is all vegan. But I use Orgain Protein powder with almond & coconut milk and coffee for flavoring. It meets all my needs when I am asked not to eat normal meals.

If your fast causes you to collapse, you most likely are fasting in the flesh. Do not fast to the point where you cannot carry on with your responsibilities, you cannot think straight, or you cannot pray. That is definitely not God's will.

You can fast from TV or social web sites, fast from Internet curiosities and replace Scripture reading with the time you would have wasted. Also, remember all fasting must be accompanied by prayer and works of charity in order to be totally effective.

And I just want to take a moment to thank you who have been seeing to our needs and praying for us. Wow. Your kindness to us has spilled over onto the local pregnancy center, as well as those who have no heat or electricity, and many individuals in extreme need that had nowhere else to turn. Thank the Lord we are here for them.

Thank you for caring. In Heaven, you will be credited just as much as if you had put out the messages. I cannot do this without your support. Thank you, dear ones. Remember: The Lord does not forget.

NOTE: After this message was recorded, I pulled the following three rhema's as well:

1. Practice self-denial in food and comforts. If the unseen is to get full possession of us and our heart, and life and prayer are to be full of faith, there must be a withdrawal from and a denial of the visible. The spirit

which seeks to enjoy as much as possible of what is permissible is inconsistent with strong faith and close contact with the spiritual world.

2. Fast on Vegetables

"My Bride, draw closer to the delights of Heaven."

3. More and More did my love of God and my awe of Him and faith increase. My spirit was moved, so that in a single day, I would say as many as a hundred prayers and in the night a like number, even when I was staying in the woods and on the mountain. And I used to rise before dawn for prayer, in snow and frost and rain, and I used to feel no ill effect and there was no slackness in me. Now I realize it was because the Spirit was glowing in me. St. Patrick

Mushroom Cloud Over NYC

December 29, 2020

May the Lord impart courage, wisdom and stamina to the intercessors of the world.

This past Sunday, during the Lord's Supper, I saw a nuclear mushroom cloud in the host. I showed it to the community members who were in the room and they saw it clearly as well. It is not unusual for the Lord to allow us to see something significant in the host, when it is very important.

When I came before the Lord in prayer, Jesus began, *"New York City. It has been a long time coming, it has been needed for a long time, yet My Heart is sick unto death over the innocent souls who will be casualties. I want you all to pray for the little ones, that they may be quickly snatched up to Me."*

Lord there are many good people in New York City and even Epoch Times.-- --

Jesus continued, "*The good shall be taken home to Me, others will sleep in the dust of the earth until the final judgment. Pray for all, I wish for none to suffer as they will suffer. Pray that death comes swiftly. There will be betrayals by your own Navy."*

Lord, I have heard it said that this would be like Pearl Harbor, and I believe those who monitored the skies back in Pearl Harbor, were told to stand down or write it off. Perhaps that is what is similar.

Jesus continued, *"Evil men with evil designs, and a betrayal by your Navy."*

Lord, what about Miami?

"That too will happen but not in this time frame. As it is now planned New York City is the main target. I know what I have said in past times, but arrangements change with circumstances in the framework of time. All that My Father does is fair and just. Clare, this has been a long time coming. A very long time coming. Yet My heart is torn asunder as that moment approaches.

It is wise that you do not ask for time frames. These are not given, only warnings because the time ripens with many different events. Yet there are those living among you who are your enemies. They are blinded by doctrines of demons, that is the communist ideology, thinking they are doing mankind a favor by bringing in the reign of atheism. Pray for these to deflect and warn the government. Many things could be quelled by those who turn traitor against the party. Pray for these.

Clare, it was not My Heart to bring you such bad news, but you saw the cloud and that was My sign to you that this is imminent."

What about Washington DC?

"Not yet," the Lord continued, "*Right now I want you to pray for two things, the Red Chinese living here in this country to wake up and see that communism does not work by actuality. By theory, with perfect men, no favored groups or persons, it can, but men are corrupt and nothing will work without Me, until I return.*

My people in China, I beg of you, pray for your country and those who have been planted in this land of freedom. Pray for their conversion so they will not rise up from within and destroy those very ones who have been good to them in this country. Pray for them to encounter Me, that will change everything."

My Mother Is The Woman In Revelations 12 and She Will Be With You During The Tribulation

December 30, 2020

Hello brothers and sisters and YouTube family. Hope you guys are being blessed. This message just blew my mind as the Lord revealed a hidden mystery in scripture that will bring so much comfort, encouragement and amazement to all who would hear it.

I was before him in adoration and the New Heaven and New Earth kept ringing through my heart over and over again. So I decided to pick up the Bible and read the Revelation 21 passage really meditating on what that would be like on that day when the City of God comes down from heaven and God dwells among his people. I envision the beautiful gates made of pearl and the gold streets and the river of life that is flowing in the in the middle of the city. I pictured people in white robes go about to and fro with such love for one another and for God. I envisioned the tree of life on either side of the river and saw people gathered around it fellowshipping and eating of it's fruit. Then I envisioned seeing Jesus in such humility helping a soul do some work and as I approached him he looked up and smiled radiantly with excitement to see me. Truly he was the lamb and light of the whole city for it was filled with his glory so there was no need of the sun. I was smiling envisioning this beautiful spectacle before me hardly able to

wait until I see my sweet Jesus face to face not through a veil in the Eucharist.

Then I saw another vision as Blessed Mother appeared in the sky. She was beautiful, in white and in a baby blue veil, she had the most sweetest smile and countenance as she shined brilliantly. I sensed that everyone all over the world saw her. Somewhere terrified at first but she calmed the hearts of all man as she said "There is nothing to fear Mother is here" and I was made known that this wasn't out loud, but her voice was heard in the hearts of all souls upon the earth. She began to speak to the hearts of all souls individually. Every person could hear her speaking to them in their conscience. Many had their cell phones out recording it. Some fell on their knees weeping and hearts truly broken in contrition. I then saw a news anchor saying that "today it appeared to be a women in the sky". As social media outlets where going crazy and new stations from all over the world because of what the whole world had seen as videos from all over where pouring in.

When I came out of the vision, I couldn't get it out of my mind as I was led to look now at Revelation 12 about The women and the dragon. I pondered, thinking Lord is this what I could've just seen. Then I saw another vision now with Blessed Mother still appearing in the sky but the red dragon was now before her. Everyone was seeing this unfold as he was so angry wanting to devour her then she was taken away and just as quick as she came appearing in the sky she was gone and few seconds later so was the red dragon.

Then as I went back to re-read the passage again all of these thoughts came rushing to my mind and heart so strongly as Revelation 12 reads

A great sign appeared in heaven: a woman clothed with the sun, with the moon under her feet and a crown of twelve stars on her head. **2** She was pregnant and cried out in pain as she was about to give birth. **3** Then another sign appeared in heaven: an enormous red dragon with seven heads and ten horns and seven crowns on its heads. **4** Its tail swept a third of the stars out of the sky and flung them to the earth. The dragon stood in front of

the woman who was about to give birth, so that it might devour her child the moment he was born. **5** She gave birth to a son, a male child, who "will rule all the nations with an iron scepter."[a] And her child was snatched up to God and to his throne. **6** The woman fled into the wilderness to a place prepared for her by God, where she might be taken care of for 1,260 days.

7 Then war broke out in heaven. Michael and his angels fought against the dragon, and the dragon and his angels fought back. **8** But he was not strong enough, and they lost their place in heaven. **9** The great dragon was hurled down--that ancient serpent called the devil, or Satan, who leads the whole world astray. He was hurled to the earth, and his angels with him.

10 Then I heard a loud voice in heaven say:

"Now have come the salvation and the power

and the kingdom of our God,

and the authority of his Messiah.

For the accuser of our brothers and sisters,

who accuses them before our God day and night,

has been hurled down.

11

They triumphed over him

by the blood of the Lamb

and by the word of their testimony;

they did not love their lives so much

as to shrink from death.

12

Therefore rejoice, you heavens

and you who dwell in them!

But woe to the earth and the sea,

because the devil has gone down to you!

He is filled with fury,

because he knows that his time is short."

13 When the dragon saw that he had been hurled to the earth, he pursued the woman who had given birth to the male child. **14** The woman was given the two wings of a great eagle, so that she might fly to the place prepared for her in the wilderness, where she would be taken care of for a time, times and half a time, out of the serpent's reach. **15** Then from his mouth the serpent spewed water like a river, to overtake the woman and sweep her away with the torrent. **16** But the earth helped the woman by opening its mouth and swallowing the river that the dragon had spewed out of his mouth. **17** Then the dragon was enraged at the woman and went off to wage war against the rest of her offspring--those who keep God's commands and hold fast their testimony about Jesus.

Now many eschatologist which are those who study end times events have speculated that the women is a symbol for the "Church' and her child is the nation of Israel or all believers of Christ" and of course the dragon is Satan who will come persecute the Church during the end times and many just leave it at that.

However, what I saw was a very literals and physical event that all the world will see take place. I went first to the BP to get a confirmation if that vision was from him and I got "Holy Spirit". I was blown away as I realized the thoughts that were coming to my mind and what I had just witnessed was the Lord speaking to me. As the Holy Spirit reveled that Blessed Mother will be the women that will be shown as a sign from Heaven. That everyone will see her and this scene will replay before their eyes, of Satan

trying to devour Christ at his birth but now he has been defeated and is ruler over all the nations and sits at the right hand of God on his throne. This re-enactment will be shown as a sign to all that Jesus Christ is Lord and King.

Then Satan and his angels will be cast down to earth and Blessed Mother will be taken away in the spirit to a location in the dessert to be physically present to the Church.

At this point I realized I needed to write down what he was speaking to me so I came before the Lord saying,

If this revelation is from you Lord, I am utterly flabbergasted by the revelation you are given me. Is it true Lord you would give your Mother to us in the time of the tribulation. She will be with us here on earth physically or is that spiritually?

Jesus began,

"Both my beloved one, I have told you that I will never forsake you nor leave you and I have made provision for my beloved ones in the time of the darkest hour upon the whole earth to be helped, protected and nourished by my Mother just like the first apostles where after my ascension. She is the women in the heaven's revelation talks about. Just as I will be seen when I come to rapture my bride

He is referencing too Revelation 1:7

"Look, he is coming with the clouds," and "every eye will see him, even those who pierced him"; and all peoples on earth "will mourn because of him."

she too will be seen by all of the world and all souls when she comes to make her presence known among the people of the earth. Every eye will see her, but not everyone will believe. She will speak to the heart of man's consciences with her motherly tenderness, love and gentleness beckoning them back to me. Back into her Immaculate Heart where they can be loved, protected and nurtured. There will be many conversions. I mean many will

break down in astonishment and give their hearts to me for no hardened heart can stand in the face of my Mother's love.

However, there will be many who will be conditioned to take the mark already and will have hearts of stone and will disregard this sign as nothing but a meer mirage. As you saw in the vision the media downplaying this event. These souls I won't be able to help any longer once they have given themselves over completely to satan by taking this mark. They will have no conscience, but be more like robots inhabited by demons. It so sad my beloved little ones. Pray for Gods mercy over these souls

I then asked,

But Lord is there hope if we pray for mercy?

Jesus responded,

"There is always hope beloved. Although those with the mark cannot be saved after consenting to it. Your prayers for mercy over them will determine the measure of their punishment in hell. Yes, even in hell my mercy is able to touch souls not bringing them out of the fire, but diminishing their pain if just for a moment. Remember I love these souls, they are my children too. So pray my beloved ones for these souls and for this sign that is soon to come."

As an aside here I remember in the Mary Baxter audio book where she was taken to hell for 40 days. There was a soul who was crying out to them in hell as Jesus and her walked past this soul. He cried out to Jesus to have mercy. Jesus was crying then he looked up to the Father and said "Father mercy, please mercy" and then the flames of hell went down for a few moments. Only if we knew the extend of Gods mercy it so fathomless. Lord have mercy on these souls. I then said,

Lord you have been giving everyone here in the community rapture readings that you are coming soon?

And guys we all began to wonder if we didn't have 3 1/2 years left as he told Mother Clare or he would be coming sooner.

Jesus responded,

"I want my brides to be watchful, awake and ready beloved. It can be any moment when the Father makes that call. So continue to work, build my kingdom, but be ready, watchful and sober my beloved ones. Now back to my Mother that is why I am asking my brides to entrust her into their hearts. She will be such a great help for the times to come more than you know. I have much to reveal to you and that is why I continue to prompt you not to fear and not to give up on this call. This message will bring encouragement to so many especially when the hour is at hand that I am sending my Mother to be of help to you all. Just as I mentioned in scripture there is a place prepared for her by my Father in the dessert. When the time comes it will be known among my beloved ones. She will be present with you all for 3/12 years the first half of the tribulation. Just as she was to my apostles during the worst persecution before Nero's time. She too will be with you all, available for prayers, council, wisdom, and instructions to all."

I then felt prompted to look up the chronological time line from Jesus birth, the work of the apostles and who was King or Caesar at that time. From the time line Blessed Mother died right before Nero came into power and he was by far the most wicked Emperor of Rome and his time of reign is called "Nero's reign of terror". Where he persecuted Christians ruthlessly and burned them alive to be torches for the city. Paul was sent to Rome to stand before him and I can't deny the similarities that Jesus left Blessed Mother even then with the church to also prepare them for such a great time of tribulation. He knew they would need her instructions, her faith and her courage to help them endure what they would have to go through for love of Him. Just like she will be with us right before the greatest persecution to take place in history upon the whole world and the Church.

http://www.4kingdoms.com/time-line.html

So, I then asked, Lord will we all be able to see her and talk with her?

As an aside here I wanted to clarify that Blessed Mother would be with us physically on earth and not like a form of an apparition where only a few may see her or talk with her so I asked

Jesus responded,

"Yes beloved, however there are those who I have called to help lead this desert place and just as I have Mother Clare over you. There will be souls I will choose to lead that community and place of hiddness where my Mother will dwell among them. There will be many messages from her that will go forth to help build up and instruct you beloved ones to not lose hope and prepare you for the darkest time to come because it is the latter of the 7 years that will be the most tumulchuous and horrible. Nothing like you ever seen in movies or can even dream of"

Lord can you also clarify because I don't understand when it says in scripture the dragon Satan will be hurled down to earth. Isn't Satan already on the earth?

Jesus responded,

No, beloved hell is in the center of the earth, but his dominion is an invisible one and made in the second heaven. He has access to earth because of sin and where there is sin his authority is given. In scripture it is why he is referenced to the prince of the air.

Here He is referencing too **Ephesians 2:2 it reads**

in which you used to live when you followed the ways of this world and of the ruler of the kingdom of the air NKJV says the prince of the power of the air, the spirit who is now at work in those who are disobedient.

However in the time of tribulation he and all the fallen angels will truly take there inhabitants upon the earth. There will be no more veils between the kingdom of darkness and the earth. That is why it's said the men's heart

will fail them Luke 21:26. For the things, creatures, events many will see they will die of fright. That is why I am sending My Mother to help prepare those left behind for the great time of testing and horror. Her prayers, Her words, Her presence will bring so much comfort to so many to endure when this time comes upon you all.

Lord will she then leave after the 3 1/2 years?

As an aside I was asking referencing to what it says in Revelation "where she would be taken care of for a time, times and half a time, out of the serpent's reach." Which is 3 1/2 years that she will be with us

Jesus responded,

"Yes, she will not be as present physically, however you will be able to commune with her as you do now. In the blessed Sacrament and in your heart. She will return to heaven and continuously be praying over you and over my church. That is why I have asked my brides to prepare the way for her. This is indeed her time of glory and I am asking all my brides to begin to pray into this now. It is by your prayers that will pave the way for men's heart to receive her and embrace her as the gift she is. I want my brides to be zealous for her honor and glory. Tell others about her and the power of praying the rosary. Pray every day for the hearts of souls left behind to receive a grace of repentance and illumination when she appears that they all might turn to me and be steadfast when satan comes on earth to declare war against them. The time is drawing near my beloved ones pray and be ready. Embrace My Mother now. Love and cherish her for she is the greatest help apart from the Holy Spirit that I am sending to be of help before my second coming. Don't be discouraged my beloved ones, those who will be left behind. The time will be short and you will not be left alone without help"

I am so humbled that you would reveal such a mystery Lord to us, truly

Jesus responded,

Remember it is to the little ones in the kingdom I reveal my mysteries too. **Matthew 11: 25**

At that time Jesus said, "I praise you, Father, Lord of heaven and earth, because you have hidden these things from the wise and learned, and revealed them to little children. Stay little, be a nothing and a nobody beloved and I will reveal more to you and our beloved flock in the times to come. I love you my little ones trust these words of prophecy and treasure them in your heart it will be a source of great comfort when the time comes upon you.

That was the end of Jesus message

I was blown away at this message and revelation that was hidden, but now revealed that Blessed Mother is also coming upon the earth to be with us during the tribulation. What a mystery!

I went to Mother Clare for discernment to confirm this message and she said it was a confirmation of what she had sensed in her heart. As I my roommate brought some things to my mind that God sent Mother Mary as the New Ark of the Covenant as a place for his son God incarnate to dwell and be birth in her and for all mankind. The devil had to be restrained so that he could come upon the earth int he purest form. God the Father gave her so much authority in prayer as we found out when we read the Mary audiobooks that the devils could not stand a chance near her and she cleared the way spiritually with her prayers. Blessed Mother dedicated her life to prayer and purity to prepare the way for Jesus before He came.

The Angel Gabriel was sent ahead to announce this most amazing conception and the Blessed Mother became the hidden forerunner for Jesus also preparing the way with prayer for the early Church before Jesus left them. Now at his second coming The Lord will send the Angels to announce his return with Trumpets, He will also send His Mother to lead the way now as the visible forerunner to prepare the way for his seconding coming after Jesus again leaves with his bride during the rapture. The Lord has mentioned to Mother Clare in his messages that the book of revelations

is in chronological order. So, all the events will happen accordingly. Blessed Mother will appear and be among us after the rapture takes place for the first half of the tribulation to prepare us for the remaining 3 1/2 years which Jesus says will be the most horrific and where the Anti-Christ will be taken over by the dragon and the beast system will be enforced. Another foreshadowing is that she is known as the "City of God" one of her many titles and in revelation 21 in some translations rather than saying the New Jerusalem they reference the name as the "City of God" where God dwells among his people. Now before that even takes place Jesus is sending his Mother, who is the "City of God", to come down from heaven and dwell among the people of the earth. Amazing! Oh, thank you Jesus for your Mother, such a wonderful gift and consolation to us all when we are left behind to endure. I can't wait to run into Blessed Mothers arms and be comforted and instructed by her.

What an amazing grace the Lord has given us Heartdwellers lets never forget to thank him profoundly for this revelation and this gift of his Mother. Tell everyone about her! So we too can help prepare the way for her to be received in all man's hearts.

God bless you guys until the next message
